- 500076 MNF-bioc-201 Advanced Studies in Biological Oceanography - Lecture
500074 MNF-bioc-202 Advanced Practical Course in Biological Oceanography - Practical - Block I - Module II - Food web ecology using R
500040 MNF-bioc-202 Advanced Practical Course in Biological Oceanography - Practical - Block II - Module I - Animal-microbe symbioses
500081 MNF-bioc-202 Advanced Practical Course in Biological Oceanography - Practical - Block III - Module I - Experimental ecology
500093 MNF-bioc-202 Advanced Practical Course in Biological Oceanography - Practical - Block III - Module II - Microplastics in the marine environment
500024 MNF-bioc-202 Advanced Practical Course in Biological Oceanography - Practical - Block I - Module I - Marine evolutionary genomics
500039 MNF-bioc-202 Advanced Practical Course in Biological Oceanography - Practical - Block II - Module II - Marine biotechnology
500034 MNF-bioc-202 Advanced Practical Course in Biological Oceanography - Practical - Block III - Module III - Geomicrobiology
500082 MNF-bioc-220 Biological Modelling and Biostatistics - Part B - Statistical Modelling (500107)
500038 MNF-bioc-220 Biological Modelling and Biostatistics - Part: Introduction to R for Biological Modelling (500028)
500032 MNF-bioc-220 Biological Modelling and Biostatistics Part A (500027)
500124 Current Topics in Marine Biogeochemistry I - Seminar
500109 MNF-bioc-231 Current Topics in Marine Biogeochemistry I - Vorlesung
500084 MNF-bioc-232 Current Topics in Marine Ecology I - Seminar
500067 MNF-bioc-232 Current Topics in Marine Ecology I - Vorlesung
500070 MNF-bioc-233 Current Topics in Fish Ecology and Aquaculture: Faunistics and Ecology of the Mediterranean Sea
500062 MNF-bioc-250 Element cycles in the ocean - Stoffkreisläufe im Meer
500010 MNF-bioc-264 Sea Bird Ecology Practical
500031 MNF-bioc-267 Identification and taxonomy of marine invertebrates - Lecture/Exercise/Excursion
500097 MNF-bioc-271 New aspects of meteorology and oceanography: Carbon cycling in a changing climate
500016 MNF-bioc-274 New Trends in Marine Biodiscovery
500028 MNF-bioc-277 Air-Sea-Exchange
500029 MNF-bioc-280 Coastal Fish Ecology
500026 MNF-bioc-283 Scientific Computing (bioc283-01a)
500071 MNF-bioc-388 Marine Ecological Exchange Lab
500061 MNF-bioc/pherIPO Introduction to Physical Oceanography (import module Physik des Erdsystems pherIPO)
