

Student Assistant (HiWi) Position – Master's Student

We are looking for a motivated Master's student to join our SOLVe project in ME/FB1 as a Student Research Assistant (HiWi) to analyze and visualize our models' outputs.

Qualifications

- Currently enrolled in a Master's program in Computer Science, Data Science, Physics, Mathematics or a related field.
- Experience with Python (or a similar programming language) for data analysis.
- Familiarity with data visualization and statistical analysis.
- Ability to work independently and communicate results clearly.
- Interest in modeling and scientific research.

What We Offer

- An opportunity to participate in cutting-edge research.
- Flexible working hours.
- A collaborative and supportive research environment.
- Hands-on experience with modeling and scientific data analysis.
- Possibility to contribute to publications, depending on the quality and scope of the work.

The position is available from **2026.09.01**. The working hours and duration will follow CAU and GEOMAR regulations for HiWi positions.

Interested students are invited to send their CV and a brief statement of interest to whuo@geomar.de
