

Module Name	New Trends in Marine Biotechnology	
Module Number	MNF-bioc-374	
Person in Charge	Prof. Dr. Deniz Tasdemir Phone: +49-(0)431-600-4430, E-mail: dtasdemir@geomar.de	
Semester / Duration	3. semester / one semester	Status Optional
Regular Cycle	Annual in winter semester	
Study Programme	Master of Science in Biological Oceanography	
Classes	Class Title (Teaching Form) Lecturers	Contact Time / Group Size
	New Trends in Marine Biotechnology (Seminar) Prof. Dr. Deniz Tasdemir	2 hr per week / 30 students
Credit Points / Workload	2 ECTS / 60 hours	
Prerequisites		
Completion Module		
Following Module		
Educational Objectives	Understanding of scientific and methodological approaches and new, innovative trends in marine natural product chemistry and biotechnology, scientific presentation skills	
Content Of Teaching	Basics and methodology in Marine Biotechnology	
Examination	Graded oral presentation (100%)	
Literature		
Additional Information
