OTTO KRÜMMEL-FÖRDERPREIS

2024

FOR OUTSTANDING BSC DEGREES IN THE FIELD OF OCEAN RESEARCH

The *Gesellschaft zur Förderung des GEOMAR Helmholtz-Zentrums für Ozeanforschung Kiel e.V.* calls for applications for the Otto Krümmel-Förderpreis 2024.

The prize is awarded annually and endowed with 1,500 Euro to honour outstanding BSc degrees in the field of ocean research, including the interaction of the ocean with the seafloor and the atmosphere.

Submitted theses can have their focus on field research as well as modeling or the development of observational techniques.

Students whose bachelor's degree was completed no more than one year ago at a German university or university of applied sciences and was rated outstanding or very good are eligible to apply.

All disciplines of marine research including marine engineering are invited to apply. Applications are made directly by the applicant. The award winners will be selected by an independent committee with participation of external scientists.

**APPLY NOW BY E-MAIL
UNTIL APRIL 30, 2024!**

E-Mail to: foerdergesellschaft@geomar.de

Keyword: Otto Krümmel-Förderpreis 2024

Applications should include following PDF files:

- Copy of the BSc certificate
- Curriculum vitae (in tabular form)
- A list of publications (if available)
- Copy of the BSc thesis
- A brief explanation of what the value of the thesis is in relation to marine research [max. one page].
