

Open Access / Institutional Repository

Sie veröffentlichen Ihre Forschungsergebnisse in renommierten, teuren Verlagszeitschriften?

Leider kann heutzutage aufgrund der Preisspirale ein immer kleiner werdender Personenkreis auf diese Publikationen zugreifen.

Sie möchten jedoch, dass Ihre Artikel möglichst von vielen gelesen werden?

Sie möchten diskutiert werden?

Sie möchten zitiert werden?

Sie möchten, dass Ihre Artikel einen hohen Impact Factor bekommen?

Wer gesehen wird, wird zitiert !

Veröffentlichen Sie in für alle frei zugänglichen Open-Access-Zeitschriften und/oder geben Sie Ihre Publikationen zur Veröffentlichung in Institutional Repositories.

Ein gutes Institutional Repository steigert das Renommee des Institutes und kann von fachlichen Suchmaschinen abgefragt werden.

Zur Zeit hat das IFM-GEOMAR noch kein standardisiertes Repository. Um international konkurrenzfähig zu bleiben, schlägt die IFM-GEOMAR-Bibliothek vor, ein solches Institutional Repository aufzubauen. Sollte dieser Vorschlag die breite Zustimmung der Mitarbeiter/innen finden, könnte mit der Umsetzung noch in diesem Jahr begonnen werden.

Im Handout finden Sie nähere Informationen.

Sprechen Sie uns an!
